SPECIFIC TERMS

COMMUNITY BENEFITS

Applicant shall take the following actions as a condition to proceeding with the Wright Solar Park pursuant to the CUP, which Parties agree will provide economic benefits throughout Merced County. Such benefits may include but are not limited to job creation, economic development, and enhancement to the quality of life in neighboring communities.

1. Sales Tax

The Applicant shall act in good faith and use commercially reasonable efforts to ensure the sales and use taxes associated with the construction of the Project occur in the unincorporated area of Merced County. The Applicant shall also use commercially reasonable efforts to direct its contractors and subcontractors to have sales and use taxes associated with Project construction occur in the unincorporated area of Merced County. The WSP Economic Impact Analysis forecasts between $4.2 and $6.1 M in sales tax will be generated by the project for the County. The Wright Solar Park will provide a bonded guarantee of $4.12 (80% of mean) as a minimum for this revenue stream.

Parties shall, within (90) days of the Effective Date or prior to the County’s issuance of the first building permit for the Project, whichever is earlier, enter into a subsequent agreement setting forth specific terms and mechanisms by which to implement the Applicant’s commitment to have construction related sales and use taxes within the unincorporated area of Merced County (“Implementation Plan”) in the event the Project proceeds to construction.

The Implementation Plan shall require, at a minimum, that prior to the County’s issuance of the first building permit for the Project, the Applicant shall obtain a street address within the unincorporated portion of Merced County for acquisition, purchasing, and billing purposes and registering this address with the State Board of Equalization.
2. Public Service Costs

If the project is constructed with a Lithium-ion Battery Energy Storage System, the annual payment shall increase to Thirty Thousand Dollar and no cents ($30,000).

The General Fund Payment shall be used by County to offset any and all impacts to County services including, but not limited to, public safety services provided by the County Sheriff and County Fire Department.
